Listening Script

Hi everyone! Today I want to tell you about three students in our school.

The first student is Aylin. She is from Türkiye and she is very outgoing. She usually arrives at school early and helps her classmates with their tasks. During breaks, she likes talking with her friends and planning school projects. She never forgets her homework.

The second student is Marco from Italy. He is tall and well-built. He is friendly but sometimes a bit careless. He often walks to school because he lives nearby. In class, he takes notes carefully, but he sometimes checks his phone too much, so he loses focus.

The last student is Hana from Japan. She is slim, quiet, and very polite. She always participates in group activities, even though she is a little shy. After school, she studies for one hour and then watches animated films to relax.

All three students speak different languages, but they enjoy learning together and celebrating cultural events with their classmates.
